Audit Report on the Howrah Bridge Accounts for 1924-25.

The accounts of the receipts and expenditure of the Howrah Bridge for the year 1924-25 have been test audited and examined under our supervision. The Balance Sheet has been checked.

A sum of Rs. 19,183-14-6 was paid during the year for screwing the test pile for the new Howrah Bridge. Of this expenditure a sum of Rs. 10,076 was taken against the savings from the Government grant of Rs. 91,251 made for trial borings for the new bridge and the balance was to have been met from the existing Howrah Bridge Fund. In the accounts this expenditure has been charged to the Revenue Reserve Fund. The preliminary expenses for the new Howrah Bridge shown in the Balance Sheet should really be Rs. 1,63,250-9-8 instead of Rs. 1,54,142-11-2.

The question of the proper incidence of the interest on account of advances made to the new Howrah Bridge which was raised in the last audit report does not appear to have been finally settled yet.

It is noticed that the cost of the repairs to *Buckland* (Rs. 25,740) has this year also considerably exceeded the sanctioned grant (Rs. 7,000).

GOVERNMENT OF BENGAL.

DARJEELING, THE 12TH APRIL 1926.

RESOLUTION—2T.—A.I.

READ—

The report on the working of the Co-operative Societies in Bengal for the year ending 30th June 1925.

Administration.—Mr. M. Thorp, I.C.S., officiated as Registrar till the 19th November 1924, when Rai J. M. Mitra Bahadur relieved him on the termination of his duties in connection with the Bengal Court of the British Empire

Exhibition. There was no alteration in the strength of the superior controlling staff of the department, which has reached the requisite standard of a Registrar and five Assistant Registrars. The want of separate office establishments for the Assistant Registrars, Chittagong and Burdwan Divisions, has necessitated the fixing of the headquarters of these officers at Dacca and Calcutta respectively. The entertainment of the requisite office staff for these two divisions has been administratively approved, and it is hoped that it will be possible to provide funds for this purpose in the near future. During the year of report, the posts of inspectors and divisional and chief auditors were placed on a permanent basis, and their pay was substantially raised. Eleven additional posts of auditors were sanctioned, and a scheme for further strengthening this staff has been approved, subject to the provision of funds.

General progress of the movement.—The advance noticed in the preceding year was maintained during the year under review. The number of societies of all classes rose form 9,342 to 11,081 and membership from 340,159 to 386,050. The number of societies increased by 18·3 per cent. against an increase of 19·4 per cent. in the preceding year and 17·1 per cent. in the year previous. The increase in membership was 13·4 per cent against 16·1 per cent. in the preceding year and 12·6 per cent. in the year previous. The total working capital increased from 5·07 crores to 6 18 crores and by 21·8 per cent. against 17 07 per cent. in the preceding year and 17·6 per cent. in the year previous. Excluding the items which are counted more than once as a result of the separate treatment of the funds of the central and primary societies, the actual cash employed in the movement increased from 3·32 crores to 3·98 crores, while the amount contributed by the societies and members rose from 1·56 crores to 1·81 crores. The substantial increase in the resources available for the movement is a pleasing feature of the year's work.

I. PRIMARY SOCIETIES.

(a) Agricultural Societies.

(*i*) **Credit Societies.**—The work of these societies showed a marked improvement during the year of report. The collections amounted to 62·71 lakhs, being about 24 lakhs more than in the preceding year, and were the best in the quinquennium. The overdues declined from 51·78 lakhs to 49·26 lakhs, or 28·3 per cent. of the amount outstanding at the end of the year under review. Government trust that there will be no relaxation of the efforts to further reduce the overdues which are still substantial enough to constitute a possible source of danger to the movement.

(*ii*) **Agricultural purchase and purchase and sale societies.**—The number of these societies rose from 22 to 33 and their membership from 4,141 to 5,337, but their total working capital fell from Rs. 1,56,161 to Rs. 94,419. This is ascribed to a reduction in the working capital of the Sundarbans Supply and Sale Society which repaid a part of its liabilities and had at the same time a brisk business, with the result that it had a larger profit. The total profits earned by all the societies of this class amounted to Rs. 17,761 against Rs. 3,620 in the preceding year. To ensure the stability and satisfactory working of this class of societies, it is necessary that the volume of their business in connection with the supply of agricultural and household requisites should be more fully developed. With a view to assisting the paddy sale societies to effect the most advantageous disposal of their stock, a scheme has received the administrative approval of Government, under which a central godown for the purpose will be started in Calcutta by the Bengal Co-operative Organisation Society, Limited, which will receive from Government an amount equivalent to the cost of the godown for the first three years. The scheme also contemplates the provision by Government of adequate supervising staff for a

small number of paddy and jute sale societies in their initial stages and the grant of financial assistance to them in the shape of loans for the provision of storage accommodation. Provision for the purpose has been made in the next year's budget, and when the scheme is introduced, it should prove of considerable assistance to the development of societies of this class.

(*iii*) **Irrigation societies.**—The total number of these societies rose from 173 to 268, membership from 7,376 to 10,368, and working capital from Rs. 1,29,598 to Rs. 1,90 124. Of these three are in Burdwan, four in Hooghly, one in Midnapore, one in Faridpur, and one in Bogra. Most of the societies are in the Bankura and Birbhum districts. In Bankura there are 142 societies with a total irrigable area of 30,507 bighas against 107 societies with a total irrigable area of 25,559 in the preceding year. In Birbhum there are 116 societies with an irrigable area of 15,502 against 58 societies with an irrigable area of 9,708 in the preceding year. All the schemes initiated and executed during the year in Bankura were Tank schemes, while only one new Stream scheme initiated in Birbhum during the year still remains in the preliminary stage.

(*iv*) **Co-operative agricultural associations.**—Although these associations increased in number from 16 to 20, their working does not show any marked success. Government consider that these associations, if conducted on right lines, will greatly assist the cause of agricultural progress and trust that the Registrar will devote his special attention to guiding them in their work.

(*v*) **Production and sale societies.—Milk societies.**—The number of these societies rose from 54 to 63 and their membership from 2.155 to 2,909. Fifty-six of these societies have already been able to achieve financial independence, while the production of milk per member has nearly doubled in three years' time. The average yield of milk per society rose from 26·9 seers to 52·7 seers a day during the triennium. These societies are all affiliated to the Calcutta Milk Union. The union realised Rs. 2,47,988 by the sale of milk during the year. It is satisfactory to note that the union has, during the year of report, enlisted the support of the Calcutta Corporation in the form of a loan and a subsidy to enable it to expand its work which has an important bearing of the improvement of the milk supply and public health of Calcutta.

(*vi*) **The Naogaon Ganja Cultivators' Co-operative Society, Ltd.**—This society continued to prosper during the year under review and contributed generously towards numerous works of public utility in the locality.

(*b*) **Non-agricultural societies.**—The non-agricultural credit societies continued to do useful work, while the working of the stores and supply societies showed little improvement. The Calcutta Swadeshi Co operative Stores, Limited, which was the largest society of the latter class, was liquidated during the year of report. Government agree with the Registrar that in order to rehabilitate the stores movement, it is necessary that the members should be required to subscribe larger share capital and to take upon themselves greater liability. The Registrar's scheme for the establishment of a central sale depot for industrial societies is being awaited. In connection with this scheme it should be considered whether the stores cannot utilise the agency of this organisation, when started, for making their purchases economically.

The eight conch-shell workers' societies in the town of Dacca made satisfactory progress during the year. A braziers' society was started in Brahmanbaria during the year and worked at a small profit. This society has been granted a loan of Rs. 7,000 by Government. There was a marked expansion of weavers' societies during the year. An interesting development was the organisation during the year of a society at Dopukuria in Murshidabad for reeling silk in filature. A loan of Rs. 4,000 has been granted to this society by Government.

II. CENTRAL SOCIETIES.

(*i*) **Industrial unions.**—These unions increased from 6 to 8. The Dacca Union made very satisfactory progress during the year of report and is now the most prosperous society of this class.

(*ii*) **Central banks.**—There were three additions to the number of central banks, which stood at 91 at the end of the year under review. The total number of societies affiliated to these banks rose from 8,289 to 9,746, paid-up share capital from 21·54 lakhs to 25·29 lakhs, reserve funds from 9·47 lakhs to 11·41 lakhs, and their working capital from 1·75 crores to 2·05 crores. The total collections from societies amounted to 85·47 lakhs and were better by 32·16 lakhs than the repayments in the preceding year. It is satisfactory to note that the central banks generally maintained sufficient fluid resources and continued to work satisfactorily, although many of them have still to realize the necessity of maintaining an adequate staff for the transaction of their business.

(*iii*) **The Bengal Provincial Co-operative Bank, Limited.**—This apex bank continued to do excellent work. Its membership increased from 109 to 122, share capital from 4·57 lakhs to 5·48 lakhs, reserve and other funds from 1·03 lakhs to 1·13 lakhs, and the total working capital from 36·77 lakhs to 61·20 lakhs. The bank retained the great public confidence which it had already acquired and was able to meet fully the requirements of its constituent societies in the shape of loans. It had a turn-over of 2·41 crores during the year and earned a profit of Rs. 69,646.

(*iv*) **The Calcutta Central Co-operative Anti-malarial Society, Limited.**—There was an expansion of this section of the movement during the year under report. Several anti-malarial societies in the district of the 24-Parganas, with the help of local donations and contributions collected by them and supplemented by advances from the Central Anti-malarial Society, sunk tube-wells with a view to providing a supply of pure drinking water. The cost involved is not large, and an extension of work in this direction will be of considerable assistance in solving the difficult problem of water supply in rural areas.

(*v*) **The Bengal Co-operative Organisation Society.**—This society continued to bring out the two periodicals. Its reorganisation has been effected since the close of the year under review. It has now been so reconstituted as to enable its development into a federation of the registered co-operative societies in the province charged with the duty of publicity and propaganda, organisation and supervision. The annual grant to this society has been augmented by Rs. 7,000. The development of the society will be watched with interest.

The Governor in Council notes with pleasure the increasing public interest which is being evinced in the development of the co-operative movement in the province and takes this opportunity of acknowledging the valuable assistance rendered to the movement by various non-official gentlemen as well as by the district and subdivisional officers mentioned by the Registrar. The thanks of Government are also due to Mr. M. Thorp and Rai J. M. Mitra Bahadur for their efficient administration of the department during the year of report.

By order of the Governor in Council,

G. P. HOGG,

Secretary to the Government of Bengal (offg.).

Under the terms of paragraph 12 of Schedule II of the Bengal Electoral Rules, a person is qualified as an elector for the Dacca University constituency who (1) has a place of residence in Bengal and is a member of the Court or a registered graduate of the University, or (2) has a place of residence in the Dacca Division or in the Chittagong Division, is a registered graduate of some other University and would have been qualified to be registered as a graduate of Dacca University but for the fact that, before the 1st April 1920, he had been registered as a graduate of that other University. No person can vote at any general election both in the Calcutta University and in the Dacca University constituency. In order to ensure inclusion of their names in the electoral roll of the Dacca University constituency for the forthcoming election to the Bengal Legislative Council, registered graduates, who are liable to pay the annual fee, are advised to pay the fee due for the academic year 1926-27, with arrears, if any, on or before the 15th June 1926. The admission to this class is regulated by the Director-General, Indian Medical Service.

2. The minimum preliminary qualification for admission to the (*a*) "Regular class" is the Pass certificate of the I. Sc. 4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office on or before the 25th May, together with a fee of Rs. 4, which will not be refunded on any account except in the case of Assamese students, who should apply to the Inspector-General of Civil Hospitals of that province for admission within such date as that officer may prescribe. Students who come from the Dacca University and the Dacca Board of Intermediate and Secondary Education are admitted on the nomination of the Secretary of the said Board and University, and the candidates from the Central Provinces on the nomination of the Director of Public Instruction of that province. The candidate from Manipur will be nominated by the Manipur State.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list :—

	Rs.
Admission fee	25
Fees for Summer term	100
Athletic Club fee	4
Total ...	129

5. The number of regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number, and the final selection lies entirely with him.

One-fourth of the total number to be admitted, if a suitable number of candidates be obtained, shall be Muhammadans. One candidate will be nominated by the Director of Public Instruction, Central Provinces, six candidates by the Inspector-General, Civil Hospitals, Assam, three candidates of the Dacca University and three candidates of the Dacca Board of Intermediate and Secondary Education by the respective authorities. One candidate will be nominated by the Manipur State. These candidates must possess the qualifications mentioned in rule 2. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (*a*) Female students will be admitted to this College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(*b*) Female students already studying in this College but belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay the fee within the date prescribed by the Principal, otherwise their claims will lapse.

8. All regular students must pay an annual fee of Rs. 200 in two instalments, viz., Rs. 100 for the Summer term and Rs. 100 for the Winter term. They must also pay the annual Athletic Club fee of Rs. 4 along with the fees for their Summer term. Fees once paid cannot be refunded except to those whose claim for the refund is tenable under rule 19.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for the Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal directs, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

10. Female students are not liable to pay the Athletic Club fee.

11. Students relegated to a further course of study after failure to pass the Preliminary Scientific M.B. and the First M.B. Examinations shall pay Rs. 100 for the whole session in one instalment within the time prescribed.

12. Students who fail at the Final M.B. Examination shall pay fees for the whole session at the following rates in one instalment :—

14. The fee for certificates issued to regular students leaving the College before completing their study, or for those issued to Military students, shall be Rs. 40 per each course of lectures and practical classes and Rs. 30 for every three months of Hospital practice.

15. In calculating the sum to be paid under rule 14 by a regular student, the amount of College fees paid by him (or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student) shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

19. Holders of scholarships awarded by the Government of Bengal are not required to pay the annual fees of Rs. 200 for the year in which they hold such scholarships. PART VI.

Bills introduced in the Council of State and Legislative Assembly, Reports of Select Committees presented to the Council and Assembly and Bills published under Rule 18 of the Indian Legislative Rules.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Council of State on the 17th March, 1926 :—

No. 2 OF 1926.

A Bill to amend the provisions of section 33 of the Indian Succession Act, 1925.

WHEREAS it is expedient to amend the provisions of section 33 of the Indian Succession Act, 1925, so as to provide more liberally for the surviving widow or husband where there are no lineal descendants in the case of a total intestacy ; It is hereby enacted as follows :— XXXIX of 1925.

Short title.

1. This Act may be called the Indian Succession (Amendment) Act, 1926.

Amendment of section 33, Act XXXIX of 1925.

2. To clause (*b*) of section 33 of the Indian Succession Act, 1925 (hereinafter referred to as the said Act), before the words "If he has left no lineal descendant" there shall be prefixed the words "Save as provided by section 33A". XXXIX of 1925.

Insertion of new section 33A in Act XXXIX of 1925.

3. After section 33 of the said Act the following section shall be inserted, namely :—

Special provision where intestate has left widow and no lineal descendants.

"33A. (*1*) Where the intestate has left a widow but no lineal descendants and the nett value of his property does not exceed five thousand rupees, the whole of his property shall belong to the widow.

(2) Where the nett value of the property exceeds the sum of five thousand rupees, the widow shall be entitled to five thousand rupees thereof and shall have a charge upon the whole of such property for such sum of five thousand rupees, with interest thereon from the date of the death of the intestate at 4 per cent. per annum until payment.

(3) The provision for the widow made by this section shall be in addition and without prejudice to her interest and share in the residue of the estate of such intestate remaining after payment of the said sum of five thousand rupees, with interest as aforesaid in the same way as if such residue had been the whole of such intestate's property.

(4) The nett value of the property shall be ascertained by deducting from the gross value thereof all debts and all funeral and administration expenses of the intestate, and all other lawful liabilities and charges to which the property shall be subject.

(5) This section shall not apply—

(a) to the property of any Indian Christian ;
(b) unless the deceased dies intestate in respect of all his property."

STATEMENT OF OBJECTS AND REASONS.

When the first Indian Succession Act was passed in the year 1865, under the English law as it then existed, a widow in the case of the intestacy of her husband, where there were no lineal descendants, took one-half of his property if there were kindred. This is the rule contained in section 27 of the Indian Succession Act, 1865, now reproduced in section 33 of the Act of 1925. By the Intestates Estates Act, 1890 (53 and 54 Vic., cap. 29), the law was altered and the whole estate went to the widow if it did not exceed in value £500 and the intestate left no lineal descendants. Furthermore, in any case where there were no lineal descendants on such an intestacy even if the property exceeded £500 in value, the widow was given a charge on the whole property up to £500. In connection with the Bill to consolidate the law relating to succession which has since been passed attention was drawn to the difference between the law in England and in India. The Bengal Chamber of Commerce, the Solicitor to the Government of Bengal and the Administrator-General all consider that there is a case for amendment. The present Bill adopts the more liberal rule of the English law. It only need be added that, in view of section 35 which provides that a husband surviving his wife has the same rights in respect of her property on her intestacy as she has on his, it will confer the same benefits on the widower as the Bill expressly confers on the widow. It is suggested there is no ground for differentiation, and this result is in accordance with the general tenor of the Indian Act.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(1) "A common carrier by water" means a common carrier by water engaged in the cargo and passenger traffic between any two ports in British India, or between any port in British India and any port or place on the Continent of India.

(*a*) that the title to not less than 75 per cent. of the stock is vested in British Indian subjects free from any trust or fiduciary obligation in favour of any person other than a British Indian subject,

(*c*) and that not less than 75 per cent of the voting power is vested in British Indian subjects,

(*d*) and that through any contract or understanding it is not arranged that more than 25 per cent. of voting power may be exercised, directly or indirectly, on behalf of any person who is not a British Indian subject,

(*e*) and that by any other means whatsoever control of any interest in excess of 25 per cent. is not conferred upon or permitted to be exercised by any person who is not a British Indian subject.

(4) "The coasting trade of India" means the carriage by water of goods or passengers between any ports in British India, or between any port in British India and any port or place on the Continent of India.

Security for license.

5. Before granting a license, the Governor General in Council may require security to be given to his satisfaction by the master, owner, charterer or agent of the vessel for compliance with the conditions of the license.

Cancellation of license.

11. In addition to or in lieu of any penalty otherwise provided, the Governor General in Council may cancel any license for engaging in the coasting trade of India if he is satisfied that a breach of any of the conditions of the license, as may from time to time be prescribed by the Governor General in Council, has been committed.

Opportunity to show cause.

12. No license for engaging in the coasting trade of India shall be cancelled, unless an opportunity has been given to the master, owner, charterer or agent of the vessel to show cause against such cancellation.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to provide for the employment of Indian tonnage in the coastal traffic of British India and of the Continent of India. This Bill is intended to serve as a powerful aid to the rapid development of an Indian Merchant Marine. Several attempts made in this direction in the past have all practically failed, owing, it is believed, to the existence of powerful non-Indian interests in the coasting trade of India. There can be no doubt that the growth of an Indian Merchant Marine would prove a powerful factor in the employment of Indian talent and the further extension of Indian trade in various directions in a manner calculated to advance the national interests of India.

V. N. MUTALIK.

L. GRAHAM,

Secretary to the Government of India

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 4th February, 1926 :—

No. 20 OF 1926.

A Bill to provide for the prevention of the deferred rebates and resort to retaliatory or discriminating practices in the coastal traffic of India.

WHEREAS it is expedient to provide for the growth of an Indian Merchant Marine by guaranteeing fair and healthy competition and by checking monopolies ;

AND WHEREAS for this purpose it is expedient to provide for the prevention of the grant of deferred rebates or resort to retaliatory or discriminating practices by common carriers engaged in the coasting trade of British India ;

It is hereby enacted as follows :—

Short title, extent and commencement.

1. (*1*) This Act may be called the Prevention of Deferred Rebates Act, 192 .

(*2*) It extends to the whole of British India.

(*3*) It shall come into force on such date as the Governor General in Council may, by notification in the Gazette of India, appoint.

Definitions.

2. In this Act, unless there is anything repugnant in the subject or context,—

(1) "A common carrier" means a common carrier engaged in the transportation by water of passengers or property between any two ports in British India or between any port in British India and any port or place in the continent of India.

(2) "Deferred Rebates" means a return of any portion of the freight money by a carrier to any shipper as a consideration for the giving of all or any portion of his shipments to the same or any other carrier or for any other purpose, the payment of which is deferred beyond the completion of the service for which it is paid, and is paid only if, either during the period for which computed or the period of deferment or both, the shipper has complied with the terms of the rebate, agreement or arrangement.

(3) "A subject" means a person and includes a corporation, partnership or association existing under or authorised by the laws of British India or of the Dominions of princes and chiefs in alliance with His Majesty.

(4) "The coasting trade of India" means the carriage by water of goods or passengers between any two ports in British India or between any port in British India and any port or place in the continent of India.

Prohibition of deferred rebates and discriminating agreements.

3. No common carrier by water shall, directly or indirectly in respect of the coasting trade of India,—

(*a*) pay or allow or enter into any combination, agreement or understanding, express or implied, to pay or allow a deferred rebate to any shipper ;

(b) retaliate against any shipper by refusing or threatening to refuse space accommodation when such is available, or resort to other discriminating or unfair methods, because such shipper has patronised any other carrier or has filed a complaint charging unfair treatment or for any other reason ;

(c) make any unfair or unjustly discriminatory contract with any shipper based on the volume of freight carried or unfairly treat or unjustly discriminate against any shipper in the matter of—

(i) cargo space accommodation or other facilities, due regard being had for the proper loading of the vessel and the available tonnage,

(ii) the loading and landing of freight in proper condition, or

(iii) the adjustment and settlement of claims.

Governor General in Council to decide whether deferred rebates or discriminating agreements have been resorted to.

4. The Governor General in Council, without prejudice to the right of parties to move the Courts upon his own initiative, may, or upon complaint, shall, after due notice to all parties in interest and after a hearing, determine whether any person, joint stock company, corporation or association engaged in the coasting trade of India—

(1) has violated any provision of section 3, or

(2) is a party to any combination, agreement or understanding, express or implied, that involves in respect to the coasting trade of India a resort to deferred rebates and retaliatory or discriminating practices designated in section 3.

Power to Governor General in Council to prohibit entry into ports.

5. If the Governor General in Council determines that any such person, joint stock company, corporation or association has violated any such provision or is a party to any such combination, agreement or understanding, he may thereafter refuse such person, joint stock company, corporation or association the right of entry for any common carrier, directly or indirectly, under his or its control, into any part of British India until the Governor General in Council certifies that the violation has ceased or such combination, agreement or understanding has been terminated.

Common carrier to file copy of agreement with another common carrier.

6. Every common carrier shall file immediately with the Governor General in Council a true copy or, if oral, a true and complete memorandum of every agreement with another such carrier or modification or cancellation thereof, to which it may be a party or conform in whole or in part, fixing or regulating transportation rates or fares ; giving or receiving special rates, accommodation, or other special privileges or advantages ; controlling, regulating, preventing or destroying competition ; pooling or apportioning earnings, losses or traffic ; allotting ports or restricting or otherwise regulating the number and character of sailings between ports ; limiting or regulating in any way the volume or character of freight or passenger traffic to be carried ; or in any manner providing for an exclusive, preferential or co-operative arrangement.

Power to Governor General in Council to cancel or modify agreements.

7. The Governor General in Council may by order disapprove, cancel or modify any agreement or any modification or cancellation thereof, whether or not previously approved by him that he finds to be unjustly discriminatory or unfair as between carriers, shippers, exporters and importers or to operate to the detriment of the commerce of British India or to be in violation of the Act, and shall approve all other agreements, modifications or cancellations.

Penalties.

8. Whoever violates any provision of any section of this Act, or refuses or fails to carry out the orders of the Governor General in Council, shall be liable to a penalty of a fine of not less than ten thousand rupees, or simple imprisonment to a term of not less than six months, or both.

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to remove some of the main obstacles that lie in the way of the devolopment of an Indian Merchant Marine. They mainly consist of methods whereby a shipper is practically bound to confine all his shipments to vessels belonging to a particular shipping company or to the member of a shipping conference. Not merely is the freedom of the shipper to ship his goods by any vessel he may choose thus destroyed, but the progress of trade along desirable channels is also checked. A "disloyal" shipper is penalised by (*a*) refusal of space; (*b*) discrimination in the contract of freight; (*c*) the loading and landing of freight; (*d*) the adjustment and settlement of claims and various other discriminatory methods. It is the purpose of this Bill to do away with such practices so that an Indian Merchant Marine may grow unhampered.

When any inquiry has been transferred or withdrawn under clause (a) the Registrar may either re-try or proceed from the point at which it was transferred or withdrawn.

(4) The Inspector-General of Registration may, subject to the provisions of sub-section (3), transfer an enquiry pending before a Registrar to another Registrar.

(5) The provisions of section 75 (2) shall apply to inquiries transferred under sub-sections (3) and (4)."

Amendment of section 77, Act XVI of 1908.

6. To section 77 of the said Act the following sub-section shall be added as sub-section (3), namely :—

"(3) Sections 71 to 77 shall not apply to wills and authorities to adopt tendered for registration under sections 40 and 41."

Amendment of section 87, Act XVI of 1908.

7. Section 87 of the said Act shall be renumbered section 87 (1), and the following sub-section shall be added to the section, namely :—

"(2) A document otherwise duly presented and registered under this Act shall not be deemed invalid expect on the ground that the whole or some portion of the property to which the document relates has not been shown to exist within the district or sub-district where such document has been presented for registration."

STATEMENT OF OBJECTS AND REASONS.

Under section 28 of the Indian Registration Act, 1908, documents referred to therein have to be presented for registration in the office of the Sub-Registrar within whose sub-district the whole or some portion of the property to which such document relates is situate. In a case that came up for decision in 1914 the Privy Council held that a

parcel of land included in a mortgage deed for the purpose of registering the same in the registration district of Calcutta was not in existence and that it was in fact a fictitious entry. It was therefore held that the registration of the deed was invalid (I. L. R. 41 Calcutta 972). On account of some of the observations made by the Privy Council in this case various pleas for invalidating the registration of documents have been taken in the Courts of law and the principle of the decision of the Privy Council in 41 Calcutta 972 has been unduly extended. (1) Where the property which gave jurisdiction to the Sub-Registrar was in existence but the mortgagor had no title to it and the mortgagee had no knowledge of this fact and there was no collution between the mortgagor and mortgagee, it was held that the registration of the document was not invalid (I. L R. 41 Allahabad 22). (2) Where the property existed but did not belong to the executant and where it was found that neither the vendor nor the vendee intended that the property so included should be affected by the deed, it was held that the deed was not validly registered (I. L. R. 43 Madras 436, and I. L. R. 48 Calcutta 509). (3) Where the mortgagee knew that the property which gave jurisdiction to the Sub-Registrar did not belong to the executant it was held that such knowledge would invalidate the registration of the document [A. R. Allahabad Series 231 (1922)]. (4) Where the property which formed the subject-matter of a document was situated partly in Benares and partly elsewhere and it transpired that the transferor had no title to the property situated in Benares where the document was registered, it was held that the registration was valid as the transferor was acting in a perfectly *bonâ fide* manner (4 Patna L. J. 432). Various other distinctions to which it is unnecessary to refer at length have been drawn in the decided cases. A fruitful source of uncertainty in regard to titles has thus been introduced by the decisions of the Privy Council and of the High Courts in India which requires the intervention of the Legislature. Before the Privy Council decision in I. L. R. 41, Calcutta 972, the inclusion in a document of a few cents of land for purposes of registration was a common practice in some parts of the country and the decisions above-mentioned are a direct inducement to litigants to set up these pleas. It is therefore proposed in the Bill that except in the case where the property included in the document for conferring jurisdiction to the Sub-Registrar is not in existence, a document duly registered should not be declared invalid.

2. The present procedure in regard to inquiries relating to wills and authorities to adopt is two cumbrous and dilatory. Under the provisions of the Registration Act, 1908, inquiries into the genuineness or otherwise of wills and authorities to adopt can be made by a Sub-Registrar or a Registrar. If a will is presented for registration to a Sub-Registrar and if its genuineness is denied, he has to take all the evidence tendered by those who support as well as by those who contest the will. It the Sub-Registrar comes to the conclusion that the will is not genuine, and refuses to register the document, an appeal lies to the Registrar under section 73 of the Act. The Registrar is empowered under sections 74, 75 and 76 to summon the witnesses and hold an inquiry *de novo* or to come to a decision on the evidence recorded by the Sub-Registrar. If the Registrar also refuses to order the registration of the document, the party concerned can institute a civil suit, where again the whole of the evidence comes under review. A good deal of time and money is now wasted in inquiries before the Sub-Registrar and the Registrar in regard to questions relating to the execution of wills and the litigating parties and witnesses are harassed by being dragged to Courts on three different occasions regarding the same transaction. The inquiry before the Sub-Registrar in regard to this class of transactions is not of the same thorough-going character as a trial before a Civil Court where the rules of evidence are carefully observed by a trained judicial officer. The tendency of the litigants has been not to accept the decisions of the Sub-Registrar and the Registrar but to take the matter to a Civil Court for final decision.

In these circumstances, it is proposed in the present Bill that, where the will or the authority to adopt is tendered for registration after the death of a testator or the donor the Registrar or the Sub-Registrar should refuse the registration of the documents if their genuineness is denied by any party interested therein and that the registering officer should await the decision of a Civil Court and should take action under sections 74 and 75 in accordance with the result of the suit.

3. Opportunity has also been taken to amend the sections of the Act relating to the deposit of wills. A testator is now obliged to go all the way to the district headquarters to deposit a will with the Registrar. The present arrangement by which wills can be deposited only with a single officer in each district is obviously inconvenient, and the provisions of the Act regarding the deposit of wills have not been much availed of. It is therefore proposed in the Bill to empower Sub-Registrars also to receive deposits of sealed packets containing wills. There has been a general improvement in the quality of the officers of the Registration Department and there is no reason now why this power should not be extended to Sub-Registrars. In any event under the provisions of the Bill the testator will have the option to deposit a will with the Registrar or with the nearest Sub-Registrar.

4. There is no provision in the principal Act for the withdrawal or transfer of an inquiry from a registration officer when a suitable case for transfer or withdrawal is made out. The registration of the various kinds of documents involve very serious

consequences and may cause sometimes considerable pecuniary loss or gain to individuals. Allegations of prejudice, corruption, and partiality are sometimes made against individual officers of the department and requests for transfer of inquiries from the file of some of these officers have been made to the controlling officers. But there is no provision in the Act empowering the District Registrar to transfer an inquiry from the file of one Sub-Registrar to that of another. There is no provision in the Indian Registration Act analogous to section 24 of the Code of Civil Procedure in regard to transfer of suits from one Court to another. The present Bill removes this defect and gives authority to the Registrar to transfer or withdraw any inquiry or to transfer the same from one Sub-Registrar to another in the district and the same power is given to the Inspector-General in respect of proceedings pending before the Registrar.

2. Clauses 2, 4 and 6 provide for the continuance of the rates of salt duty, postage, income-tax and super-tax prescribed by the Indian Finance Act, 1925, while clause 5 provides for the credit to revenue for a further period of one year, *i.e.*, till the 31st March 1927, of interest on securities, forming part of the Paper Currency Reserve.

3. Clause 3 repeals the Cotton Duties Act, 1896, and provides, in the case of export by sea, for repayment of drawback of the duty paid as if the Act had remained in force.

4. Clause 7 provides for the balance of the share of British India in the annuities payable by Germany under the London Agreement of 1924 remaining after payment to private persons and local bodies as reparation for damage due to enemy action, being applied for reduction or avoidance of debt. The amounts are uncertain and fluctuating in character and represent recovery of expenditure that may be presumed to have been originally met out of borrowed funds and the capitalised value of certain pension payments.

LEGISLATIVE DEPARTMENT.

Protection for acts done under this Act.

9. No suit or other legal proceeding shall be instituted against any person in respect of anything which is in good faith done or intended to be done under this Act.

STATEMENT OF OBJECTS AND REASONS.

The Cotton Duties Act, 1896, provides, in addition to the collection of the duty, for the submission of returns of the quantities of cotton goods produced in mills in British India. These statistics of production have been systematically compiled for the last 30 years, and have proved of great assistance in studying the development and vicissitudes of the industry.

2. It is proposed to repeal the Cotton Duties Act of 1896 by a clause in the Finance Bill, and unless the preparation and submission of these statistical returns are provided for by another Act, there will be a break in the continuity of these useful statistics.

3. The Bombay Millowners' Association have been consulted and are in favour of the continuance and preparation of these returns for quantities of yarn and cotton goods manufactured in India.

4. It is, therefore, proposed to render compulsory the preparation and submission of such returns by a Cotton Industry Statistics Bill. This Bill will be proceeded with *pari passu* with the Finance Bill.

DELHI :

The 27th January, 1926.

L. GRAHAM,

Secretary to the Government of India.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Legislative Assembly on the 1st March, 1926 :—

No. 34 OF 1926.

A Bill further to amend the Indian Divorce Act.

WHEREAS it is expedient further to amend the Indian Divorce Act, for the purpose hereinafter appearing ; It is hereby enacted as follows :— IV of 1869.

Short title.

1. This Act may be called the Indian Divorce (Amendmend) Act, 1926.

Amendment of section 2, Act IV of 1869.

2. In section 2 of the Indian Divorce Act, for the words "except in the following cases :—(*a*) where the marriage shall have been solemnized in India ; or (*b*) where the adultery, rape or unnatural crime complained of shall have been committed in India ; or (*c*) where the husband has" the following shall be substitued, namely :—

"except in cases where the parties to the marriage are domiciled in India at the time when the petition is presented, and –

(*a*) the marriage has been solemnized in India ; or
(*b*) the adultery, rape or unnatural crime complained of has been committed in India ; or
(*c*) the husband has".

STATEMENT OF OBJECTS AND REASONS.

The Indian Divorce Act purports to give power to certain Courts in British India to pass decrees of divorce *a vinculo matrimonii* in certain circumstances where the persons concerned profess the Christian religion and reside in India. The President of the Probate Divorce and Admiralty Division of the High Court of Justice in England in the case of Keyes *vs.* Keyes and Gray held that this power did not extend to the granting of such decrees if the parties were not domiciled in India. By the Indian Divorce (Validity) Act, 1921 (11 and 12 Geo. 5, C. 18), decrees of divorce granted under the Indian Divorce Act and confirmed or made absolute under its provisions were validated even though the parties were at the time of the commencement of the proceedings domiciled in the United Kingdom if the proceedings had commenced before the passing of that Act. The question of the powers of the Courts in India to grant these decrees has, however, since been raised in various High Courts in India in the case of proceedings commenced after the passing of that Act, and the High Courts have held different views as to their powers to grant decrees of divorce *a vinculo matrimonii* between parties where the husband was admitted to be domiciled in England at the time when the proceedings commenced. The Lahore High Court, for example, in the case of Lee *vs.* Lee held that they had the power to pass such a decree which would be valid in British India, that is to say, the Courts in certain Provinces in India are still granting such decrees though it is clear that the decrees will not be recognised as valid by the Courts in England. The Bill proposes definitely to restrict the powers of the Courts in India to grant such decrees to cases in which the parties are domiciled in India at the commencement of the proceedings.

DEPARTMENT OF AGRICULTURE, BENGAL.

Third Forecast of the Wheat Crop of Bengal, 1925-26.

(NOTE.—On an average of the five years ending 1923-24, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India, and (*b*) in the territory now reported on has, in the five years ending 1923-24, averaged (*a*) 42·2 and (*b*) 14·7 per cent., respectively.)

Character of the season.—Since the issue of the second forecast in February last, the outturn has considerably been reduced in the important districts of Malda and Murshidabad, owing to drought in the former and cloudy weather and untimely rainfall in the latter. Damage by hail is also reported from places. In the lesser districts of Midnapore, Jalpaiguri, Mymensingh and Faridpur the crop has somewhat improved by the showers of early March. On the whole a fair crop is anticipated.

Acreage.—According to the District Officers' estimates, the total area sown is 130,400 acres this year as against 126,200 and 126,400 acres reported respectively in the corresponding and final forecasts of last year.

Outturn.—The provincial outturn, as worked out from district estimates, is 70 per cent. of the normal as against 79 and 64 per cent., respectively, in the corresponding and final forecasts of last year.

Taking the normal yield to be 8·1/3 maunds per acre, the gross yield of the crop for the province is estimated at 27,900 tons this year as against 30,500 and 24,800 tons reported respectively in the corresponding and final forecasts of last year.

R. S. FINLOW,
Director of Agriculture, Bengal.

DACCA, *the 24th April 1926.*

APPENDIX.

Third Forecast of the Wheat Crop of Bengal, 1925-26.

District	Estimated normal area under the wheat crop.	Estimated area under wheat.		Estimated outturn as a percentage of the normal yield per unit of area.		Date by which the harvesting of the crop was begun this year and whether that date was early, normal or late.	Remarks by District Officers.
		Last year (1924-25)	This year (1925-26).	Last year.	This year.		
1	2	3	4	5	6	7	8
Nadia	23,100	12,000	14,000	67	67	Middle of March. Normal.	The increase in area is due to favourable weather at sowing time. Subsequently the growth of the crop has been retarded by drought. Hence the outturn is much below the normal.
Murshidabad ...	35,500	27,800	28,200	67	58	Ditto ...	The weather was not favourable. The outturn is much below the normal owing to untimely rainfall in December last, occasional drought afterwards and to the recent rain in the Kandi subdivision which affected the crop.
Jessore	3,800	700	700	50	67	March. Normal ...	The outturn is much below the normal owing to the want of timely rain.
Burdwan	1,800	1,700	1,700	83	83	Beginning of April. Normal.	The weather was fairly favourable.
Birbhum ...	4,100	2,500	2,800	92	83	March. Normal ...	The weather was fairly favourable. Want of adequate irrigation water is responsible for the fall in outturn.

Midnapore ...	800	800	800	84	83	Ditto ...	The weather was fairly favourable. The outturn is below the normal on account of continuous drought at the sowing time. Since the submission of the second forecast good showers benefited the crop.
Hooghly ...	400	200	200	83	67	Beginning of March. Early.	The weather was not favourable. The outturn is much below the normal due to want of sufficient water for irrigation.
Rajshahi ...	18,600	9,500	10,600	75	67	March. Normal ...	The weather was not favourable for want of proper distribution of rain; and the outturn is below the normal.
Dinajpur ...	1,300	1,700	1,600	55	62	Not yet commenced ...	The weather has not been favourable.
Jalpaiguri ...	800	600	600	75	83	Ditto ...	The weather was fairly favourable. Some damage was caused by hailstorm in the Falkata tahsil.
Darjeeling ...	2,900	2,500	2,500	92	92	Second week of March. Normal.	The weather was favourable.
Rangpur	3,400	3,400	3,900	100	100	First week of March. Normal.	The weather was favourable.
Bogra	100	300	300	50	30	March Normal ...	The moisture in the subsoil is responsible for the low outturn.
Pabna	8,800	6,600	6,400	83	100	.....	The decrease in area as compared with the previous forecast is due to revision of estimate. The weather was favourable. Slight damage was caused by insect-pest in Chatmohar thana.
Malda	43,000	45,000	44,200	46	66	Latter part of March. Normal.	The decrease in area is due to unfavourable weather. The outturn is below the normal for want of rain.

Mymensingh ...	500	600	600	83	83	Ditto ...	The weather was fairly favourable except in Tangail where want of timely rain retarded the growth of the crop.
Faridpur	2,700	2,800	2,800	82	64	March. Normal ...	The weather was not favourable. The outturn is much below the normal. The recent rain in the beginning of March benefited the crop to some extent.

DISTRICT REPORTS ON WEATHER AND CROPS.

For the week ending on the 21st April 1926.

Summary.—Light to moderate rain fell in several districts. Want of rain is retarding field operations for jute and paddy in parts of North and West Bengal. Weeding operation is in progress in the Eastern Bengal districts. The prospects of standing crops are reported to be fair. The average price of common rice for the province has remained almost stationary as compared with that of the previous week.

MARINE DEPARTMENT.

NOTIFICATIONS.

No. 60Marine.—The 23rd April 1926.—It is hereby notified for general information that under the provisions of section 11 of the Chittagong Port Act, 1914, the resignation tendered by Mr. B. J. Corcoran of his office of Commissioner for the Port of Chittagong is accepted.

No. 61 Marine.—The 27th April 1926.—The following rules which have been framed by the Government of Bengal to regulate the conduct of examinations of seamen for Certificates of Efficiency as Lifeboatmen are published for general information :—

1. Arrangements have been made by the Government of Bengal at the Port of Calcutta by which on application to the Port Officer of Calcutta seamen may be examined on boardship in the Kidderpore Docks for Certificates of Efficiency as Lifeboatmen.

2. Candidates for examination must comply with the following conditions. All officer ratings (Engineers, Surgeons, Pursers, etc.) must have been at sea at least six months.

Ordinary seamen and other deck ratings must have been at least one year at sea and be not less than 18 years of age. Stewards, firemen and other candidates must have been at least two years at sea and be not less than 20 years of age. Lascars and Indian stewards (other than Goanese) may be examined provided they comply with the foregoing conditions as regards age and service and the examiner is satisfied as to their physical fitness.

3. Where a shipping company or shipowner desires members of a crew to be examined the responsibility for getting the men's applications made and getting the men together will rest with the company or owner. The number of men presented for examination on each occasion should be arranged with the Port Officer, but in no case can fewer than ten men be dealt with at one examination. The forms of application for examination together with a fee of two rupees with each form and each man's discharge book or continuous discharge certificate should be lodged with the Port Officer who will arrange a convenient time and place for the examination to take place and the number of men to be dealt with at one time.

4. At the appointed time and place the examiner will proceed with the examination after satisfying himself that each seaman presented for test is one in respect of whom a form of application has been received and after identifying the man by the particulars in his discharge book or certificate.

5. The boat selected for examination purposes should be a Class IA Lifeboat as described in the Life Saving Appliances Rules, equipped as prescribed by those rules.

6. Each candidate will be required—

(*i*) To take part in the swinging out and lowering of the boat and getting the boat away from the ship.

(*ii*) To pull and steer, and act as coxswain when the boat is afloat.

(*iii*) To know the details and use of the equipment, including compass and sails.

(*iv*) To understand the orders commonly used during the operation of getting a boat away. (For explanation of these orders see suggested order of boat drill appended hereto.)

7. In the examination the procedure of getting the boat ready for lowering should be repeated at least three times. Each candidate in the examination is to act as one of the lowerers; this may be arranged by lowering the boat by stages, instead of the complete lowering the boat being effected with two men only acting as lowerers.

8. Candidates must muster in life-jackets which should be worn throughout the examination unless the examiner, at his discretion, allows them to be dispensed with during a portion of the examination.

9. The lowering of the boat should be under the supervision of a ship's officer or a responsible person appointed by the owner. Government do not accept responsibility for any accident which may occur in the course of the examination.

10. After the examination each candidate's application will be duly completed and in cases where the report is satisfactory a certificate of efficiency will be granted by the Port Officer, Calcutta, and the candidate's discharge book endorsed to that effect. The certificate may be either issued direct to the seamen or through the agent or master who forwarded the application for examination.

11. The appended order of boat drill has been prepared for the guidance of masters and officers, but the examiners will not necessarily follow this order.

12. The Port Officer, Calcutta, will be responsible for the conduct of the examination and for maintaining its standard. He will appoint as examiner either a competent officer of his staff or a marine superintendent of a shipping company, being a certificated master mariner.

13. Applications for examination will be received by the Port Officer, Calcutta.

Suggested order of boat drill for the guidance of masters and officers.

1. The boat's crew fall in standing in single line with life-jackets on, facing the boat, the coxswain being abreast of the stern post, the bowman at the stem, and the lowerers opposite the falls.

2. Whilst in this position they are instructed in, and questioned as to their knowledge of, the details of the boat, its equipment and management, and of the disengaging gear, if any, fitted to the boat.

3. **Clear Away.**—At this order the coxswain takes charge.

Lowerers see that the falls are properly made fast and clear for running.

The covers are removed.

The stroke oarsman ships the plug, the bowman passes the painter out, the remainder of the crew let go the gripes (outboard gripes first), see the falls, chocks, and guys clear, and the boat ready for swinging out.

The crew with the exception of the stroke oarsman and bowman then return to their former positions.

4. **Swing Out.**—At this order the boat is swung out as quickly as possible, the guys (if any) are secured, the painter is passed along to a suitable position and the rudder shipped. The boat is then lowered to a position suitable for the embarkation of passengers or crew.

Before the boat is lowered the operation of swinging out should be conducted several times in order to improve the crew's efficiency in this preliminary work.

5. **Still, Carry On, Lower Away.**—The order "Still" is given when through some misunderstanding or accident or for the purpose of instruction it is necessary to suspend operations. At this order each

man stops what he is doing and retains his position. If the order "Still" is given whilst the boat is being lowered the lowerers immediately take an extra turn with the falls or belay them. The order "Carry On" means that operations should be resumed. At the order "Lower Away" the boat is lowered. It is desirable that each man in the boat's crew should act in his turn as one of the two lowerers.

6. When the boat is near or in the water, the crew, except those lowering, take their places in the boat, unhook her when waterborne, ship the crutches, and toss the oars.

7. As soon as the last two lowerers embark, the bowman hauls in the painter, and the practice afloat commences.

8. Each oarsman should be required to take turn in steering and giving orders such as "Pull Starboard", "Back Port", "In Bow", etc., also in assisting to set the sail, float the anchor, and bring the boat alongside.

4. All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form available in this office on or before the 25th May, together with a fee of Rs. 4, which will not be refunded on any account except in the case of Assamese students, who should apply to the Inspector-General of Civil Hospitals of that province for admission within such date as that officer may prescribe. Students who come from the Dacca University and the Dacca Board of Intermediate and Secondary Education are admitted on the nomination of the Secretary of the said Board and University, and the candidates from the Central Provinces on the nomination of the Director of Public Instruction of that province. The candidate from Manipur will be nominated by the Manipur State.

Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the selected list :—

	Rs.
Admission fee	25
Fees for Summer term	100
Athletic Club fee	4
Total ...	129

5. The number of regular students to be admitted each year is generally 120, but the Principal may, at his discretion, increase or decrease this number, and the final selection lies entirely with him.

One-fourth of the total number to be admitted, if a suitable number of candidates be obtained, shall be Muhammadans. One candidate will be nominated by the Director of Public Instruction, Central Provinces, six candidates by the Inspector-General, Civil Hospitals, Assam, three candidates of the Dacca University and three candidates of the Dacca Board of Intermediate and Secondary Education by the respective authorities. One candidate will be nominated by the Manipur State. These candidates must possess the qualifications mentioned in rule 2. These nominations must reach the Principal, Medical College, Calcutta, before the 10th June in each year, failing which the Principal will fill up vacancies with local candidates.

6. (*a*) Female students will be admitted to this College provided they possess the requisite preliminary qualification, and provided there is a vacancy in the Surnomoyee Hostel in which all female students must reside.

(*b*) Female students already studying in this College but belonging to provinces other than Bengal will have to pay rents for their seats in the Surnomoyee Hostel.

7. Failed students must apply for admission and pay the fee within the date prescribed by the Principal, otherwise their claims will lapse.

8. All regular students must pay an annual fee of Rs. 200 in two instalments, viz., Rs. 100 for the Summer term and Rs. 100 for the Winter term. They must also pay the annual Athletic Club fee of Rs. 4 along with the fees for their Summer term. Fees once paid cannot be refunded except to those whose claim for the refund is tenable under rule 19.

9. The fees for each term are to be paid in one instalment. Except in the case of new students, the fees for the Summer term are due on the 15th June and those for the Winter term on the 1st November, and must be paid on those dates or on such subsequent dates as the Principal directs, after which a daily fine of annas 4 will be levied along with the fee in each case of default.

15. In calculating the sum to be paid under rule 14 by a regular student, the amount of College fees paid by him (or in the case of a student enjoying a stipendiary scholarship and free tuition, the amount which would have been paid by him had he been a paying student) shall be deducted.

16. The fees payable by a Muhammadan student requiring certificates in the same way will be calculated on the same principle, *i.e.*, he will be allowed a deduction for the full annual fee, half of which has been paid by himself and half by the Mohsin Fund.

17. Students of the Military class requiring certificates in the same way will be required to pay the rate of fees laid down in paragraph 14 for the full curriculum or for such portion as they have attended. No deduction will be made in this case as they are not free students in the sense in which that term is defined in Bengal Government Resolution (Education) No. 601 of the 7th December 1880.

18. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

XXX of 1852.

(*2*) Without prejudice to the foregoing provisions, such Local Government shall, by order in writing, revoke such a certificate of naturalization as aforesaid in any case in which it is satisfied that the person to whom the certificate was granted—

(*b*) has, within five years of the date of the grant of the certificate, been sentenced by any Court in His Majesty's dominions to transportation or to penal servitude, or to imprisonment for a term of not less than twelve months, or to pay a fine of not less than one thousand rupees ; or

(*4*) The Local Government may, if it thinks fit, before making an order under this section, refer the case for such inquiry as is hereinafter specified, and in any case to which sub-section (*1*) or clause (*a*), clause (*c*) or clause (*e*) of sub-section (*2*) applies, the Local Government shall, by notice given to, or sent by post to the last known address of, the holder of the certificate, give him an opportunity of claiming that the case be referred for such inquiry, and, if the holder so claims in accordance with the notice, the Local Government shall refer the case for inquiry accordingly.

(*5*) An inquiry under this section shall be held by such person or persons and in such manner as the Local Government may direct in each case.

(*6*) Where a certificate is revoked under this section, the revocation shall have effect from such date as may be directed by the Local Government, and thereupon the certificate shall be given up and cancelled ; and any person who, without reasonable cause the burden of proving which shall lie upon him, fails to give up his certificate within one month from the aforesaid date, shall be punishable with fine which may extend to one thousand rupees.

(*7*) For the purposes of this section, any person who has acquired any of the rights, privileges or capacities of naturalization under sub-section (*2*) of section 5 or sub-section (*2*) of section 7 by reason of the grant to his parent of a certificate of naturalization, may, after he has attained majority, be deemed to be a person to whom a certificate of naturalization has been granted.

no such direction is made, the status of the wife and minor children of the person whose certificate is revoked shall not be affected by the revocation :

Provided that, in the case of a wife who was at birth a British subject, no such order as aforesaid shall be made unless the Local Government is satisfied that, if she had held a certificate of naturalization in her own right, the certificate could properly have been revoked under section 8, and the provisions of that section as to referring cases for inquiry shall apply to the making of any such order as they apply to the revocation of a certificate.

Declaration of alienage.

10. (*1*) A declaration of alienage in such manner as may be prescribed by rules made under this Act may be made,—

(*2*) Where a declaration of alienage has been made in the manner aforesaid, the person making the same, and the wife of any such person, and any children of any such person who are minors and are not by birth British subjects, shall cease to be deemed to be British subjects.

Indemnity.

8. No suit, prosecution or legal proceeding whatever shall lie against any person in respect of anything which is, in good faith, done or intended to be done under this Act.

STATEMENT OF OBJECTS AND REASONS.

The recent disturbances in Calcutta have been largely due to the presence of a class of bad characters whose ejection would conduce to the restoration of public tranquillity and confidence. All of these persons do not come within the purview of the Goondas Act, 1923; and in cases of extreme emergency it is found that the procedure under that Act is slow and cumbrous. Power has been taken under the proposed legislation for the Commissioner of Police and District Magistrates acting under the control of the Local Government to eject dangerous persons from the Presidency Area and, if not *bona fide* inhabitants of Bengal, from the Province. The powers are limited in each state of emergency to a period of three months. The Local Government is empowered to declare a state of emergency in certain circumstances and is required to formulate reasons for so doing. The powers of the Commissioner of Police and District Magistrates are exercised subject to the safeguard of the submission of a report on the circumstances of each individual case of ejection to the Local Government; and are analogous to the existing power of the Commissioner of Police in Bombay under section 27 of the City of Bombay Police Act, 1902 (Bombay Act IV of 1902).

8. Interpretation.
9. Exercise of powers of Board of Trade under Act.

A Bill to require an indication of origin to be given in the case of certain imported goods.

BE it enacted by The King's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows :—

Imported goods bearing name or trade mark of British manufacturer or trader not to be sold unless accompanied by indication of origin.

1. It shall not be lawful to sell, expose for sale, or distribute by way of advertisement, in the United Kingdom, any goods which bear any name or trade mark being, or purporting to be, the name or trade mark of any manufacturer, dealer or trader in the United Kingdom, not being goods produced or wholly or mainly manufactured therein, unless the name or trade mark is accompanied by an indication of origin.

Power to require indication of origin in the case of certain imported goods.

2. (*1*) Where the appropriate department within the meaning of this Act, after an enquiry has been held by a committee appointed for the purposes of this Act (in this Act referred to as "a committee") and the report of the committee on the matter has been taken into consideration by the department, is satisfied that it is in the interest of trade in the United Kingdom or of trade between the United Kingdom and any other part of His Majesty's Dominions, that imported goods of any class or description to be used or consumed in the United Kingdom should not be sold unless they bear an indication of origin, His Majesty in Council may, on a representation to that effect being made to him by the department and subject to the provisions of this Act, make an Order prohibiting the sale, or the exposure for sale in the United Kingdom, of imported goods of that class or description unless they bear an indication of origin.

(*2*) If it appears to a committee to be desirable that any imported goods being foodstuffs should bear an indication of origin at the time of importation, and the committee so reports to the appropriate department, His Majesty may by Order in Council under this section (without prejudice to his powers under the preceding sub-section) make provision accordingly, and if any such goods required by any such Order to bear an indication of origin at the time of importation do not at that time bear such an indication they shall be deemed to be goods which are prohibited to be imported by virtue of section sixteen of the principal Act :

Provided that nothing in the foregoing provision shall be taken to be in derogation of anything contained in the said section sixteen.

(*3*) If it appears to a committee that imported goods of any class or description to be used in the United Kingdom ought not to be sold unless distinguished from similar goods manufactured in the United Kingdom but that by reason of the nature of the goods it is not practically possible to apply either at all or effectively an indication of origin to those goods, and the committee so reports to the appropriate department, His Majesty may by Order in Council under this section provide that imported goods of that class or description shall not be sold, or exposed for sale, in the United Kingdom, unless they are distinguished from similar goods manufactured in the United Kingdom by some form of distinctive colouring or other variation in their make-up, which shall be different in the

case of goods manufactured or produced in a foreign country and in the case of goods manufactured or produced in a part of His Majesty's Dominions outside the United Kingdom.

(4) A committee shall, from time to time, and as soon as may be practicable in each case, make reports to the appropriate department specifying the classes or descriptions of goods, if any, with respect to which, in the opinion of the committee, an Order in Council ought to be made under this section, and the committee may, if it thinks it desirable, and shall, if so required by the appropriate department, recommend in what form and manner the indication of origin should be applied to the goods, or, in the case of goods to which the last preceding sub-section applies, the means by which the goods are to be made distinguishable.

(5) An Order in Council under this section shall specify in every case—

(a) the manner in which the indication of origin is to be applied to the goods, or, in the case of goods to which sub-section (3) of this section applies, the means by which the goods are to be made distinguishable ; and

(b) the date (not being a date earlier than three months from the date of the making of the Order) on which the Order is to come into force ;

and also, if it relates to goods being foodstuffs, whether the goods are to bear an indication of origin at the time of importation or of exposure for sale wholesale, and any such Order may contain such other provisions as appear to His Majesty to be necessary or expedient for carrying this section into effect.

Constitution committees

3. (1) For the purposes of this Act, there shall be two standing committees, of which one (in this Act referred to as "the agricultural produce committee") shall be charged with enquiries relating to agricultural and horticultural produce and the produce of any fishing industry, and the other with enquiries relating to goods of any other kind.

(2) Each committee shall, subject to the provisions of this sub-section, consist of not less than three and not more than five persons, and shall be appointed by the appropriate department.

(3) The members of a committee shall hold office for such period as the department by which the committee is appointed thinks fit, and the department may from time to time fill any vacancies occurring in the membership of the committee.

(4) There shall be paid to the members of a committee such fees or other remuneration as the appropriate department, with the consent of the Treasury, may determine.

Offences.

4. (1) If any person—

(a) sells, exposes for sale, or distributes by way of advertisement, any goods in contravention of the provisions of this Act ; or

(b) acts in contravention of or fails to comply with any Order in Council made under this Act ;

he shall, subject to the provisions of this section, be guilty of an offence against the principal Act :

Provided that in the case of the sale wholesale by a person being a wholesale dealer of any goods other than goods being foodstuffs which by virtue of an Order in Council made under this Act are required to bear an indication of origin at the time of importation or of exposure for sale wholesale, it shall be a good defence to proceedings under this sub-section if that person satisfies the court that the goods were sold to the purchaser on an undertaking in writing that they would either have an indication of origin applied to them in accordance with the requirements of this Act or any Order in Council made thereunder or would be exported or sold for exportation to a place outside the United Kingdom, and any such undertaking in writing if it purports to be signed by the purchaser and specifies the usual business address of the purchaser shall be admissible as evidence of the facts appearing therein.

(2) If any person advertises or offers for sale as being goods of a particular brand or make or otherwise under a specific designation any imported goods of a class or description to which an Order in Council under this Act applies, he shall, if he does not include in the advertisement or offer an indication of the origin of the goods, and subject to the provisions of this section, be guilty of an offence against the principal Act.

(3) Where any person sells, or exposes for sale, any goods of which any imported goods, being goods to which an Order in Council under this Act applies, form a distinguishable part, and that part is reasonably capable of having applied to it an indication of origin in manner required by the Order, he shall, for the purposes of this section, be deemed to have sold, or exposed for sale, that part, and the provisions of this section shall apply accordingly.

(4) It shall not within the United Kingdom be lawful to submit or cause to be submitted to any person samples of goods of a class or description to which an Order in Council under this Act applies unless the required indication of origin is applied to the samples or unless particulars corresponding to the particulars which would be contained in such an indication are communicated in writing to the person to whom the samples are submitted, and if any person acts in contravention of the provisions of this sub-section he shall, subject to the provisions of this section, be guilty of an offence against the principal Act.

(5) A person shall not be treated as being guilty by virtue of this section of an offence against the principal Act if he proves—

(a) that having taken all reasonable precautions against committing such an offence he had at the time of the commission of the alleged offence no reason to suspect that the goods were goods to which this Act or an Order in Council made thereunder applied, and that on a demand made by or on behalf of the prosecutor he gave all the information in his power with respect to the persons from whom he obtained the goods ; or

(b) that otherwise he had acted innocently.

Laying before Parliament and revocation and variation of orders.

5. (1) Before any Order in Council is made under this Act, a draft of the Order shall be laid before each House of Parliament, and if either House within the next subsequent twenty days on which that House has sat next after the draft is laid before it resolves that an Address be presented to His Majesty against the draft or any part thereof, no further proceedings shall be taken theron but without prejudice to the making of a new draft Order.

(2) An Order in Council made under this Act may, on a representation to His Majesty by the appropriate department, but without any enquiry by or report from a committee, be revoked or varied by a subsequent Order made in accordance with the provisions of this section :

Provided that any such Order shall not be varied by the inclusion therein of any further goods, unless an enquiry has been held by a committee and the committee has presented to the appropriate department a report recommending that an Order in Council under this Act should be made in respect of those goods.

Penalty on removal of indication of origin from imported goods.

6. If any person removes, alters or obliterates an indication of origin which in compliance with the requirements of an Order in Council made under this Act was borne by the goods at the time of their importation or exposure for sale wholesale he shall be guilty of an offence against the principal Act, unless he proves to the satisfaction of the court dealing with the case that the removal, alteration or obliteration was not for the purpose of concealing the origin of the goods at the time of their sale or exposure for sale

Execution of Act by local authorities

7. (1) Every local authority authorised to appoint an analyst for the purposes of the Sale of Foods and Drugs Acts, 1875 to 1907, may, so far as relates to any goods being foodstuffs, execute any of the provisions of this Act other than provisions relating to the importation of goods, and any expenses incurred by a local authority under this section shall be defrayed in the same manner as expenses incurred by the authoriiy in executing the provisions of the said Acts.

(2) An officer of any such local authority as aforesaid, if authorised in that behalf by the authority and on production if so required of his authority, may at any time during the hours when the premises are open for the business enter any premises on which he has reason to believe that there are kept for sale ant imported foodstuffs to which this Act applies and take samples of any goods which appear to him to be such imported foodstuffs, and any person who obstructs an officer so authorised in the execution of the powers conferred on him by this section shall be guilty of an offence against the principal Act.

They should be addressed to the Principal and the word "Admission" should be written on the cover. They should reach the office within seven days of the publication of the University results together with the mark sheets in the case of Matriculates and the position in the list in the case of candidates for the B.A. and B.Sc. classes. The Division in which the applicant has passed should be stated. Particular care should be taken to give requisite details regarding arrangements for residence Unless residing with parents or *related* guardians Hindu students are expected to reside in the Eden Hindu Hostel and Muhammadan students in one of the recognised Muhammadan Hostels.

(3) Presidency College students who pass the Intermediate or Degree Examinations and desire readmission are required to submit applications in the *proper* form. If they fail to do so their prior claim to admission will not be recognised.

(4) Participation in Games or regular Physical exercise will be compulsory for those admitted into both First and Third Year Classes. Other things being equal, preference will be shown in making admission to those who have previously played in their school or college teams. Those who have been members of a team should state the fact in their applications.

(5) The rate of Tuition fees which has hitherto been Rs. 12 per month, with admission fee Rs. 10, is now under the consideration of Government and selected candidates will probably be charged higher fees from the session 1926-27. On the other hand the number of partial freeships available for deserving students who are unable to meet the full fees, is likely to be correspondingly increased.

The annual interest is Rs. 37,929 against Rs. 37,629 in the previous year, which is banked with the Imperial Bank of India. The year opened with with a cash balance of Rs. 18,927-15-1 and closed with one of Rs. 14,643-15-3.

III. Election to vacancies, etc.—(1) The annual election of wards was held on Tuesday, the 6th January. For the 13 vacancies advertised, 57 applications were received and 13 girls elected on the recommendation of a sub-committee consisting of the Rev. Father T. Van der Schueren, S. J., the Rev. Canon W. A. H. Parker, the Rev. E. B. Joyner and Mr. W. F. Papworth. Of the girls elected, 8 were placed in the Loreto Convent, Entally (3 in the 1st and 5 in the 2nd boarding school), 2 in the Calcutta Girls' High School, 2 in St. Thomas' School, and 1 in Sherwood House, Namkum, Ranchi.

(2) Of the 18 girls withdrawn during the year, 5 had attained the age-limit of 17, 3 were withdrawn by their parents for various reasons before they had attained that age, 3 were removed on the remarriage of their mothers, whose circumstances had improved, and 6 others were removed as their progress did not justify their retention, and one died.

(3) Of the girls who had been withdrawn during the preceding year, and in respect of whom reports have been received during the year under review, one has joined the Presidency General Hospital to undergo training as a nurse, one is an assistant teacher in Kindergarten, another is employed as an assistant in a Trades firm, and two are operators in the Bengal Telephone Company.

(4) At the close of the year there were 89 wards on the rolls against 94 in the previous year. They were distributed as follows :—

(6) The health of the wards was generally satisfactory, but three wards who were in poor health were transferred to schools outside Calcutta.

IV. Education and Maintenance.—(1) The nature of the education given to the wards was that prescribed for higher grade schools under the Code of Regulations for European Schools in Bengal, and in a few cases that for secondary schools.

(2) The Governors are anxious that their wards should not be allowed to drift when they leave school, and have accordingly asked the Visiting Governor to make, in consultation with the school authorities and the girls themselves who have attained, or are about to attain, the age of 15, some definite proposals where this seemed desirable, so that the last two years of their school life may be spent to the best advantage and be a preparation for earning a living.

(3) Two wards were sent in for the Senior Cambridge Local Examination in December 1924, of whom one passed One was sent in for the Junior Cambridge, and passed. Four were entered for the Higher Grade School Final Examination, of whom two passed. Some wards appeared at the Cambridge Local Examinations held in December 1925. The results are not yet known.

(4) Under the rules a ward is not ordinarily allowed to remain on the fund after the age of 17, when an outfit grant of Rs. 100 is generally given, on application, to enable her to make a start in life. In cases where wards wish to be trained as teachers and have the support of the school authorities, or where some other special training is recommended, or they are preparing for higher examinations, some extension of the period of benefit is generally allowed. One ward was granted a further year's extension to enable her to sit for the Higher Grade School Final Examination.

(5) The monthly average cost for the education and maintenance of each ward amounted to Rs. 25-5-6 against Rs. 25-15-6 in the preceding year.

(6) The amounts paid under the different heads of expenditure were as noted below :—

V. Inspection.—Mr. W. F. Papworth was appointed Visiting Governor for the first-half, and Mrs. Barton for the second-half, of the year. There was no report from Mr. Papworth, who left India on long leave. Mrs. Barton visited all the schools in Calcutta having Bruce wards, and after seeing the wards reported on their progress and prospects. She stated that it was the general opinion that the majority of the Bruce wards would derive most benefit from higher grade schools. She also stated that it was the general feeling that the present grants for wards were inadequate, as they had to cover such additional charges as books, stationery, medical charges and sometimes clothing. This point is receiving the attention of the Governors.

VI. Meetings.—Five meetings were held during the year, and among the various resolutions passed the following may be noted :—

(1) That letters received from the school authorities on the question of training, with the view to the definite placing in life of girls educated from the funds of the Bruce Institution, be placed in the hands of the Visiting Governors, and that they should discuss the suggestions with each Principal in connexion with each ward in the schools visited.

(2) That it is desirable that all bills should be checked against the list of wards every month.

(3) That the Honorary Secretary be requested to report to the Governors in future the names of any children for whom bills for six months have not been submitted.

(4) That every child elected should be on probationfor one year, such election to be confirmed a year later on receipt of a report from the school of the year's work.

(5) That the Inspector of European Schools, Bengal, be requested to examine terminal reports on wards and send a report to the Secretary with regard to any action required.

E. F. OATEN,

Honorary Secretary to the Governors.
